Building positive relationships during pregnancy and early childhood

Are you expecting or have a newborn?

Healthy Families offers **free** and **voluntary** home-based support beginning prenatally or shortly after the birth of the child. Each family partners with a **Family Support Specialist** who meets in your home up to four times a month.

Services include providing information about **parenting**, infant and child development, and child health; **connecting** you with medical providers for prenatal/well-baby visits and immunizations; **assessing** your child for developmental delays; and helping you to **access community resources** and services.

We offer services to families in zip codes 11204, 11209, 11214, 11215, 11219, 11220, 11228, 11231 and 11232.
