

**Muslim Americans Reaching for Health and Building Alliances**

***DID YOU KNOW...?***

- ***BREAST AND CERVICAL CANCER MAY BE ON THE RISE AMONG MUSLIM WOMEN***
- ***BREAST AND CERVICAL CANCER CAN BE PREVENTED THROUGH EARLY DETECTION AND SCREENING!***

**Are you interested in improving your health?**

***WORK WITH US TO IMPROVE THE HEALTH OF OUR COMMUNITIES BY PARTICIPATING  
IN THE MARHABA PROJECT!***

***THE MARHABA PROJECT IS A PARTNERSHIP BETWEEN THE  
NYU SCHOOL OF MEDICINE, CUNY SCHOOL OF PUBLIC HEALTH, AND  
ORGANIZATIONS SERVING THE MUSLIM COMMUNITY***

**What is the MARHABA project?**

- MARHABA is a two year project designed to help Muslim women between the ages of 40 and 75 years learn more about breast and cervical cancer, make appointments for screening, and provide support during the screening process.
- We will collect a brief survey with you before and after the project.
- All information you share with us will be anonymous and confidential.
- You will also participate in a class about breast and cervical cancer held at a community location and led by a woman from your community.
- The MARHABA project will be start at the end of August.

**If you would like to participate in the MARHABA project, please look out for more information in the next few months at this location!**
