

INTERESTED IN LEARNING ABOUT PROSTATE CANCER SCREENING RESEARCH?

We are conducting a research study titled “Randomized trial of community health worker led decision coaching to promote shared decision making for prostate cancer among Black male patients”

We are offering a Community Health Worker decision coaching program on prostate cancer screening decision quality for Black men between ages 40 and 69 years old. Up to \$50 in compensation for completing all study assessments.

YOU MAY BE ELIGIBLE IF YOU ARE:

- ☐ 40-69 years old
- ☐ Black
- ☐ Male
- ☐ Attending FQHC for primary care appointment
