

Full Intervention Protocol for KCS (present – September 2014)

Total Screened = approx. 1,662

Randomization will be conducted in 6 separate groups of approximately 50 participants, (N = 300).

Participants will be randomly assigned to the CHW arm (Group A, N=25), or a wait-list control arm (Group B, N=25)

ONLY Scenario : No break between Pilot and Intervention

Note: Very tight timeline. Recruitment for next round begins in month 6 of preceding round. 6-month surveys occur at the same time as the following round's baseline surveys.
