Recruitment script

Hi, my name is _____ and I'm with Henry Street Settlement. Could I ask you a few questions to see if anyone at home is eligible to take our survey?

IF YES, CONDUCT SCREENER

IF NO: May I ask you a few short questions about your reluctance to participate so we can better understand the people who are not included in our study?

IF SUBJECT SAYS NO TO BRIEF QUESTIONS, THANK AND END: Thank you and have a nice day.

IF SUBJECT SAYS YES TO BRIEF QUESTIONS, PROCEED WITH REASON FOR REFUSAL QUESTIONS ON SCREENER, THEN THANK AND END

IF RESIDENT AGREES TO SCREENING:

Henry Street Settlement is conducting this survey on behalf of NYU School of Medicine to help understand the health needs of people living in this community. You may have been aware of our community health workers who have been working in your building over the past year. Our survey will help us to figure out if the community health program was helpful to residents. The information you provide will also help us to develop programs that address the needs that we learn about through this process.

The survey is voluntary and confidential and will take about 30 minutes. We will not share your individual responses to any of the questions with anyone. You do not have to take the survey, and you can skip questions you do not want to answer. In appreciation of your time, you will receive \$5 cash for completing this survey.

Would you like to complete the survey? [IF YES, GO TO CONSENT]
