Sunset Park Area Assets and
Community Events

It is The SPACE for...

**Finding
community
resources**

**Discovering
local
events**

**Sharing
news and
opportunities**

**Highlighting
community
assets**

The SPACE was developed as a collaborative initiative of the Sunset Park Community Coalition and other community-based groups in and around Sunset Park. It is managed by the Together Growing Strong program at NYU Langone Health and it is supported with philanthropic funds. This work was completed in part with software developed by NYU Langone Health's Research Software Engineering Core (RRID: SCR_023022).
